personnel such an investigation would require. The staff replied in a memo dated March 11, 1955 that "such proceedings could be completed within a reasonable period of time without a requirement for additional personnel or funds and without undue interference with other essential functions . . . A decision by the commission not to formally investigate the rates in issue in Docket No. 8963 solely on the grounds of lack of necessary personnel, would be unwarranted."

Yet McConnaughey still hasn't ordered the investigation, which might reduce the profits of the powerful A. T. & T. system. Coincidentally, McConnaughey used to collect one-third. of his legal fees from the Ohio Bell Telephone Co., a wholly owned A. T. & T. subsidiary.

For example, Larry Henderson represented a New England combine that was trying to buy millionaire Floyd Odlum's controlling interest in Northeast. The morning of the stock-market leak, Henderson made three longdistance calls to New England. One who was called, Forrester Clark of Boston, bought stock.

Robert Oliver, an attorney for Delta Airlines, also made several phone calls to Georgia. At least six Atlanta, Ga., speculators cashed in on Northeast stock, including Georgia's GOP boss, Robert Snodgrass.

> ing stories from his nephew. Commissioner Bob Bartley, about the way McConnaughey is running

as chairman.

One question the subcommittee will ask McConnaughey is why he let bureaucratic cobwebs grow over Docket No. 8963, which happens to be a proposal to investigate the rates charged by American Telephone and Telegraph for television transmission.

Two years ago, the FCC asked its staff how much money and personnel such an investigation would require. The staff replied in a memo dated March 11, 1955 that "such proceedings could be completed within a reasonable period of time without a requirement for additional personnel or ference with other essential functions . . . A decision by the commission not to formally investigate the rates in issue in Docket No 8963 solely on the grounds of lack of necessary personnel.

would be unwarranted " Yet McConnaughey still hasn't ordered the investigation, which might reduce the profits of the powerful A. T. & T. system. Coincidentally, McConnaughey used to collect one-third, of his legal fees from the Ohio Bell Telephone Co., a wholly owned A T. & T. subsidiary.

Expect Cubs to Peddle Rush To the Cardinals

PHILADELPHIA The Chicago Cubs are expected today to Connell in the 10th and Frank follow up their two-for-two deat Torre and Bobby Thomson folwith the Pittsburgh Pirates by peddling veteran pitcher Bob Rush to the St. Louis Cardinals.

In exchange for the fireballing. 31-year-old Rush, the Cubs are reported to be asking for Eddie Kasko, a 24-year-old shortstop, plus another player. The Cardinals have been seeking to obtain Rush since last winter.

The Cubs and Pirates, both off to disappointing starts, broke the trade log-jam Wednesday with a deal that sent first baseman Dee Fondy and inflelder Gene Baker to Pittsburgh and first baseman Dale Long and outfielder Lee Walls to Chicago. Both clubs said no cash was involved.

Vice President Charley Grimm said that Long and Walls were obtained to give the Cubs, the weakest hitting team in the league, some punch. Long set a major league record by homering in eight straight games last season and drove in 91 runs although he hit only .263. Walls, 24, hit 11 homers, drove in 54 runs and batted .274 for the Pirates last year.

In Pittsburgh, manager Bobby Bragan said the acquisition of the 31-year-old Baker "will give us the best infield since I came to Pittsburgh last year." Bragan plans to play Baker at shortstop, moving Dick Great to third, and Keeping Bill Mazeroski at second and Frank Thomas at first.

"GOODFY Just think! — You don't have to change a tire along the road . . . not you, nor your wife, nor your children! After a puncture or blowout, a "tire within a tire" lets you drive in safety, at normal speeds, for 100 miles or more. And you get the extra traction of the new Twin-Grip tread, plus the extra strength of Triple-Tempered 3-T Nylon Cord. We'll give you a big trade-in allowance on your present tires.
